

THE 14TH ANNUAL

THE COLLEGE CRUSADE
of Rhode Island

REPORT CARD

In the 2019-20 academic year, students at the College Crusade exceeded the organization's goals for being on track to graduate on time, completing high school in four years and enrolling in college immediately after high school graduation. Because of COVID-19, we were 5 percentage points short of our goal for college persistence. Many students struggled with online learning and decided to put their studies on hold and others had to care for family members or work full time to help financially. We are actively working to reengage these students.
